

Waterton Biosphere Reserve Association invites you to join us for a Carnivores and Communities Meeting

Since 2009, the WBRA's Carnivores and Communities Program has been working to help facilitate coexistence between carnivores and rural communities in southwestern Alberta. Recently, we have been working to evaluate our program. Join us as we share the results of our program evaluation including results from the 2018 community survey.

Featured presentations:

Andrea Morehouse will present information on patterns in large carnivore occurrence records from 1999 through 2016.

Courtney Hughes will share the results of the 2018 community survey.
