

# Waterton Biosphere Reserve Association invites you to join us for a

## Carnivores and Communities Meeting

Come learn the latest news about carnivores in southwestern Alberta, and tools you can use to help reduce the risk of conflict with carnivores on your land. Representatives from Fish and Wildlife, as well as Alberta Environment and Parks will be in attendance.

### Topics of Discussion Include:

- Results of the most recent grizzly bear population density estimates for southwestern Alberta.
- Trends in reported large carnivore occurrences, including predation, and the predator compensation program.
- Available options for decreasing conflict with large carnivores, including deadstock management.

### Meeting Dates and Locations:

**Mountain View:** Wednesday February 27<sup>th</sup>  
7 pm Mountain View Senior's Centre

**Claresholm:** Thursday February 28<sup>th</sup>  
7 pm Claresholm Community Centre
