

Alberta Farm Fertilizer Information and Recommendation Manager Webinar

ZOOM MEETING

Apr 6, 2022

1:00 pm

Foothills County is hosting a webinar to demonstrate the Alberta Farm Fertilizer Information and Recommendation Manager (AFFIRM).

AFFIRM is a free web-based app developed by the Government of Alberta to help crop and forage producers determine appropriate nutrient rates for their operations. Based on 4R nutrient stewardship principles the app can assist producers and agronomists to create nutrient plans that maximize farm profits and limit nutrient losses. The webinar will include a live demonstration to showcase the features of the app along with the value it can bring to producers whether they work with an agronomist or do their own nutrient planning.

For more information on the AFFIRM, [please click here](#).

To participate in this virtual workshop, please find the meeting link and call-in information below:
